

School Fair

The success of our fair depends on spreading the word & getting the message out well beyond our school community. Please help us to do this by distributing flyers into letterboxes, putting up an A4 flyer (at your work, gym, dairy), sharing our event with your Facebook friends & inviting your friends, families, work mates and neighbors along on Sunday 18th March

Check out the new Fair page on our school website

Help Required to Distribute Flyers

We would really appreciate your help to distribute Fair Flyers into your neighborhood letterboxes, over the next 2 weeks. Most kids love helping with this (and it can be a good way for them to earn a few dollars to spend at the Fair!).

Also, if you have a noticeboard at work, kindly or local shops, you could help us by putting up an A4 Poster as well.

If you can help please either

- pick up flyers from Sarah Millich after school (look out for her stand later next week)
- pop into the school office and collect some A4 flyers
- text Sarah on 021 247 5626 and she will get the flyers/posters to you.
-

To avoid duplication Sarah will keep a record of streets covered

What is Up-cycle Recycle?

The Up-cycle Recycle stall was successfully trialed at our 2016 Fair. Essentially it is a White Elephant stall 'without the broken crap'.

We ask that used goods donated are of "good saleable quality" and we do not want electrical items. This saves the organisers time and money by not having to dispose of broken items prior to the Fair.

Items welcomed include home wares, cushions, crockery, crystal, vases, chairs, side tables, kitchenware, vintage goods, serve ware, tins, china etc. One person's waste may be another's treasure!
